Advance Autumn Children's and Boys' Mighty Suit Sale.

We will surprise the good mothers with the sensation of years, with an unprecedented crash in Boys' and Juvenile attire. Many of the suits chopped in half, rather than to hold on to an overplus.

No dull day here. Our energy will not let them come.

We have boys' suits for rough wear or dress up—whatever he needs or you think he needs—and less to pay than you expect.

Playtime is Nearly Past.

School begins in a few weeks and the sun-browned rompers will again take up their studies.

You can't judge a boy by his clothes, they say, But with this we disagree: The boys who wear our suits every day, Both look and enjoy prosperity.

Jump at the chance, hundreds of you. It's the biggest offering we ever made.

Boys wanted! We give a seat with each pair of pants. Most of the pants have double seats.

THE SUMMER SCHOOL.

VAN BUREN COUNTY TEACHERS HAVE ENJOYED A SUCCESSFUL INSTITUTE.

The summer school for Van Buren county teachers, which opened in Paw Paw July 18 and closes this week, has been one of the most successful institutes ever held in this county, and is said by the instructors to have equaled in interest and profit any in which they have ever worked. The scope of the work is shown by the following list of branches taught: Algebra, arithmetic, (written and oral), civil government, geometry, general history, U. S. history, physics, psychology, grammar, botany, study of English masterpieces in literature, orthography and nature study (24 recitations daily). Supplementary to this are periods for discussion of topics of general interest on school management, difficult points in ethics, etc.

Prof. R. D. Briggs, superintendent of schools at Howell, has acted as conductor, assisted by Miss Alice Marsh of the Detroit public schools and Mr. Wells G. Brown, commissioner of schools for Van Buren county.

Seldom have instructors been met by a more conscientious lot of teachers than the 117 who have been here enrolled, and the fine showing in the work is evidence that Van Buren county is clear in the front rank in the ability of its pedagogues. All the teachers attending the institute speak in the highest terms of Prof. Briggs, Miss Marsh and Mr. Brown, and the schools of the county cannot fail to show the effect of the excellent work they have done.

Commissioner Brown has been particularly wide-awake in the work of the summer school, and has outlined some excellent plans for the coming school year. One of his best efforts is along the line of reading circle work, and we believe he is receiving hearty support and co-operation along this line.

The Wiser Way.

"Yes, dear," replied Nora, "I am feeling splendidly, and mama says I have an alarming appetite."

"Where in the world have you been since I saw you?"

"I have remained at home," replied Nora, "and have worked hard every day. But I have been taking that wonderful medicine, Hood's Sarsaparilla, and it has done me, oh, so much good. You see I always like to feel well when I go away, and I leave for the mountains next week."

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my savior, determined if I could not stay with my friends on earth I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Longwell Bros. Drug Store. Regular size 50c. and \$1.00. Guaranteed or price refunded.

Among the Magazines.

"The blight of free trade—the blessings of protection," is the title of a document just issued by the American Protective Tariff league. This document clearly demonstrates the effect of the system of free trade under the Wilson tariff, and of protection under the Dingley tariff. It is based on the result of the tariff league's industrial census, and should be in the hands of every voter. Seven copies to any address for six cents. Address W. F. Wakeman, General Secretary, No. 135 West 23d St., New York.

An Indestructible Memento.

"Do you think there will be anything left to remind the world of our navy?" inquired one Spaniard of another. "Well," replied the other, after much reflection, "there is the ocean it used to float in."—Washington Star.

It Will Surprise You.

In order to prove the great merit of Ely's Cream Balm, the most effective cure for Catarrh and Cold in head, your druggist will supply a generous 10 cent trial size or we will mail for 10 cents. Full size 50 cts.

A Twentieth Century Train.

Electric lighted throughout (including lights at the head of each berth), the North-Western Limited, which leaves Chicago daily at 6:30 p. m., and reaches St. Paul and Minneapolis early next morning, is regarded by the traveling public as the highest development in railway science. The train is equipped with buffet, smoking and library cars, regular and compartment sleeping cars, and luxurious dining cars.

Spanish Pudding.

A friend has handed the Northerner the following excellent receipt for a "Spanish pudding."

Take one squadron of the American brand, add to these one Dewey, and mix in a Spanish fleet or the whole navy, if desired. Add a little shore battery and flavor with Manila. Place over a brisk fire and stir several hours, or until the Spanish all sink and Americans float on top; it is then ready to serve.

Sauce—Take one bottle of Schley's Cervera, with patent Hobson stopper, and mix with a little of Sampson's Porto Rico extract, cover with the stars and stripes, and cook rapidly for about 20 minutes. Serve hot.

Keeps Folks Well.

It is better to keep well than to get well, although when one is sick it is desirable to get well. When we consider that eight-tenths of the ailments that afflict the American people are caused by constipation, we shall realize why it is that Baxter's Mandrake Bitters "keeps folks well," or if sick, enables them to get well. Baxter's Mandrake Bitters cure constipation.

Price 25 cents per bottle. Why not step in and get a bottle and by using it be assured of good health through the trying hot months. We sell it and guarantee it to give satisfaction or money refunded. Longwell Bros., E. B. Longwell, J. D. Hamilton.

Did You Take Scott's Emulsion

through the winter? If so, we are sure it quieted your cough, healed the rawness in your throat, increased your weight, gave you more color, and made you feel better in every way. But perhaps your cough has come back again, or you are getting a little thin and pale.

Then, why not continue the same helpful remedy right through the summer? It will do you as much good as when the weather is cold.

Its persistent use will certainly give you a better appetite and a stronger digestion.

It will cure your weak throat and heal your inflamed lungs. It will cure every case of consumption, when a cure is possible.

Don't be persuaded to take something they say is just as good.

All Druggists, etc., and \$1.00. SCOTT & BOWNE, Chemists, N. Y.
